A curious contrast between peace and war was seen in naval row this morning. On the Ewa side was the U. S. S. CAMARINOS RECOVERING.

Not True that He Is Bankrupt and at the Point of Death.

The many friends of the old Sparta Restaurant on Merchant street, and its genial proprietor, Mr. Demetrius G. Camarinos, were shocked to hear a rumor that he was destitute and dying at the French Hospital. Movements were on foot to assist the popular Greek who had always done so much to make life merry for his friends, providing them with good food and good wines when it was learned from the French Hospital that Mr. Camarinos has flouted death and is now so far on his way to recovery that he will be discharged from the hospital as a well man in three days.

Neither is it true that at 41 years of age, and after a career of many ups and downs, prosperity and bankruptcy alternating with great vivacity, Mr. Camarinos is now at the end of his resources. Whether he intends to start a new Sparta Restaurant or Sansome street fruit store is not known.—S. F. Bulletin.

Wise men dine at Anchor between 11:30 and 1 daily, and take a glass of that delicious Seattle Rainier beer.

There is no monotony in the lunch courses set at the Anchor. There is a daily surprise for the guests. The home cooked viands are a perfect, wholesome treat.

This is just the weather for shandy gaff. Call at the Royal, Pacific or Cosmopolitan and have it made out of Pabst Milwaukee beer. You will be entranced with it.

At the Empire you can select your beers from the Seattle, National or half and half, with the standard brands of other liquors maintained to the satisfaction of all friends.

At the Pacific, Royal and Cosmopolitan saloons you obtain interchangeable checks for the famous Pabst Milwaukee beer on draft. This is a great convenience to patrons.

In a warm climate beer should be cool, clear, bright refreshing and wholesome, but not too strong or heady. These requisites are perfectly blended in Pabst Milwaukee which you can get on draught or in bottle at the Peacock saloons.

At the Royal Annex an adjunct to the Royal Saloon patrons will find the prettiest little sample room in town and the famous Corregio. At lunch time a pleasing lunch is spread, and all the liquors supplied are of the finest quality.

The Seattle Rainier beer under Capt. Charles McCarthy's management is competing very strongly with its rivals. Originally it was confined to the very quiet and respectable Criterion Saloon. It is now supplied at the Anchor, Empire and Louvre. Merit will tell.

If you want to read the latest papers, especially the leading illustrated ones of all around the world, and to enjoy a cool and refreshing drink of Enterprise beer, and any beverage of pure standard articles call at the Pantheon and interview John and Harry. Jim Dodd always keeps the best.

There is a charm about the Criterion that attracts a steady and unchangeable custom. With Rainier Seattle beer for the thirsty and choice drinks for connoisseurs; with Charley McCarthy as chief, and Charley Andrews and Peter O'Sullivan as courteous and competent assistants all are pleased.

W. W. DIMOND'S

Novelties in household goods draw customers to the up-to-date stores; their presence on the shelves is an indication of push and energy combined with enterprise, the foundation to every successful business house. We find pleasure and profit in getting out of the old rut and bringing a few sunshine novelties into the store.

One of the woes of the average housekeeper lies in the can used to hold kerosene for the lamps. Frequently she finds the floor discolored by grease spots and disgust follows. One of our new Globe oil cans will obviate this and for very little money.

Crown fryers are as well known in the States as Crown bakers, nearly everyone whose stove has not a broiler attachment uses one because the result is practically the same. They are exclusive with us.

In the warm weather (and that means nearly all the year 'round with us), nothing is so refreshing as an ice cream or a sherbet. The Lightning Freezer excels all others in the making of these delicacies. We sell this in preference to any other.

After your dessert a cup of delicious coffee is almost necessary—you know what muggy coffee is? By the use of a Princess coffee pot the coffee is absolutely clear and free from grounds. When the berries are ground in an Enterprise mill such as we sell and cooked in a "Princess" nothing can be better.

You've read about chafing dishes, possibly owned one; those made of Aluminium such as we offer are the best, and in the end the cheapest.

DON'T FORGET.

DON'T forget that the quality of the leather in a harness regulates more than anything else its wearing properties. You cannot expect poor leather to wear well. Harnesses made from the best leather will look well and wear well, as only the best leather can wear. A harness that always looks well without much attention, and does not need frequent repairs
